THE REMARKABLE STORY

Evan Piper began fixing cars as a teenager. Today, he's an ASA-Certified Master Mechanic, a pilot, and a speaker and coach who helps entrepreneurs and organizations fly higher, faster, and farther.

In 2001, the engine on Evan's private airplane failed. After *almost* making it back to the airport, he crash-landed just short of the runway. Though the accident left him wheelchair-bound, Evan has continued to build businesses, inspire audiences, and coach entrepreneurs.
