THE REMARKABLE STORY

Evan Piper began his entrepreneurial life at age eleven when he started a window-washing company. By the time he graduated high school, he had leveraged his mechanical talents to build successful automotive and marine repair businesses. Today, The Piper Companies serve a broad spectrum of industries and clients.

In 2001, the engine on Evan's private airplane failed. After *almost* making it back to the airport, he crash-landed just short of the runway. Though the accident left him wheelchair-bound, Evan has continued to build businesses, inspire audiences, and coach entrepreneurs.
